## Solutions for homes

Residential

### Heating

Air-to-water heat pumps  
Water-to-water heat pumps  
(Ground-source heat pumps)  
Hybrid heat pumps

Daikin Altherma 3

**New in 2024**

Daikin Altherma 4  
(R-290, natural refrigerant)

### Air conditioning

Air-to-air heat pumps

Ururu Sarara  
Daikin Emura  
Stylish  
Perfera  
Comfora  
Sensira

### Air purification

Daikin streamer technology

Models  
for rooms of any size

### Ventilation

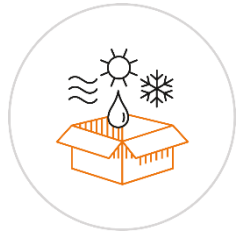

Centralized heat recovery  
ventilation systems

Models  
for small to large single-family  
houses and flats

# Daikin portfolio

## Benefits for homeowners

**Year-round comfort** through **heating, cooling and hot water supply** from one system, as well as **reliable and quiet operation**

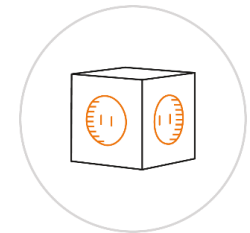

**For all types of homes** in new buildings, replacements or renovations

**Lower running costs** through energy-efficient solutions

**Systems using renewable energy sources** including photovoltaics

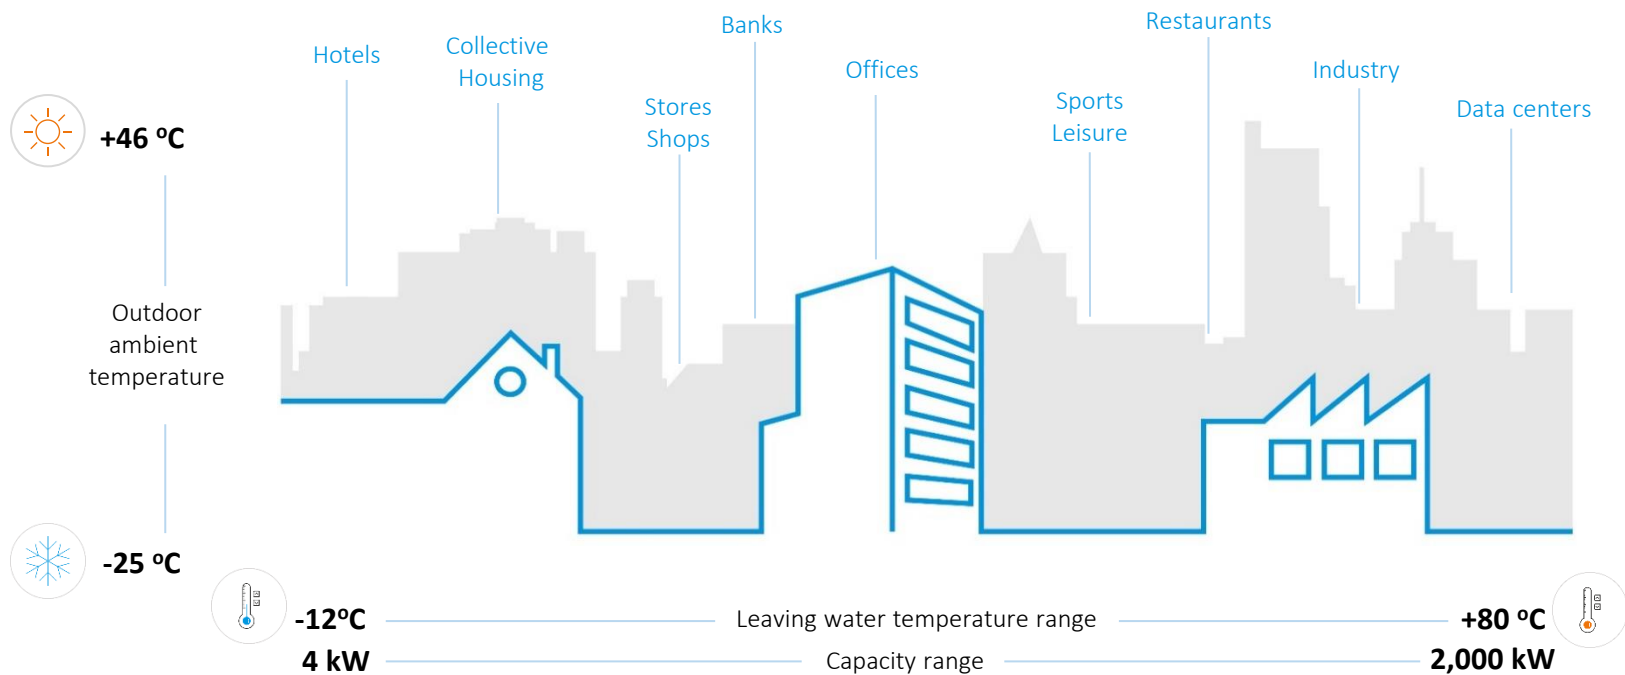

**Compatible** with existing heating systems and various electrical supply systems

# Daikin portfolio

Commercial

## Commercial solutions scope

# Daikin portfolio

## Commercial solutions offerings

### Commercial heat pumps

for decarbonization

VRV Heat pump  
VRV Heat recovery  
Small inverter chiller  
VZ Water-cooled inverter heat pump  
Rooftop

### Large commercial climate control

for commercial and industrial purposes

Air-cooled chillers  
Free cooling air-cooled chiller  
Water-cooled chillers  
Centrifugal oil free water-cooled inverter chiller  
Air-to-water multipurpose unit  
Fancoil

### Light commercial climate control

for small and medium commercial purposes

Sky Air  
VRV & VRV S-series  
Auto-cleaning cassette  
Biddle air curtain  
DX Indoor units for various applications

### Commercial ventilation

Decentralized and centralized systems for indoor air quality control

Air handling unit (AHU)  
Heat reclaim ventilation (VAM)  
Heat reclaim ventilation (VKM)

### Control systems

for optimal operation

Various smart building management systems  
Cloud-based remote control and monitoring solution

# Daikin portfolio

## Commercial solutions benefits

**Year-round comfort** through **heating, cooling, ventilation and indoor air quality** solutions in one system

**Energy & cost efficient solutions** for small to large buildings and applications

**Heat pump solutions** to support decarbonisation of buildings – be it new build, replacement or renovation

**Circular Economy and low global warming potential (GWP) refrigerants** to avoid wasting resources and reduce impact to the environment

**Partner programs** for HVAC-designers and commercial installation experts

# Daikin portfolio

Total solutions

## Total solutions offerings

### Sales and engineering

Design and engineering  
of HVAC and refrigeration systems

Calculation and optimization of  
total cost of ownership (TCO)

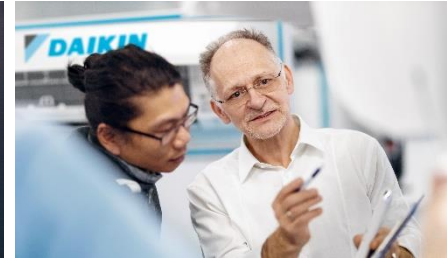

### Project management

Consulting and management  
of the whole project

from the first customer  
contact to the finalization of  
the project

### Quality assurance

Ensured compliance with safety  
regulations and standards,  
quality control and  
a safe working environment

### Service

Commissioning  
Maintenance  
Remote monitoring  
Retrofit  
Revamp  
Replacement  
Energy performance of buildings (EPBD)

# Daikin portfolio

Total solutions

## Total solutions benefits

**Full lifecycle support**  
from design and  
engineering to  
decommissioning

**Customized solutions**  
for every need and  
requirement which also  
reduce environmental  
impact

**Direct contact**  
to the manufacturer  
and its design team

**Standardized quality  
and solutions** across  
the CE-region

**Lower total cost**  
of ownership

# Daikin portfolio

Full cold chain

Launch 2007

Daikin Conveni Pack CO<sub>2</sub>

Acquisitions 2016

Zanotti for commercial, industrial and transport refrigeration

Hubbard for commercial refrigeration

Acquisition 2018

Tewis for commercial refrigeration

Acquisition 2019

AHT Cooling Systems for plug-in and water-loop refrigeration solutions for food-retail

# Daikin portfolio

Total solutions

Full cold chain – Industrial, commercial and transport refrigeration

**Production**  
Industrial  
refrigeration

**Transport**  
refrigeration

**Logistics**  
Commercial / industrial  
refrigeration

**Transport**  
refrigeration

**Retail**  
Commercial  
refrigeration

**Transport**  
refrigeration

Covering the entire cold chain from production to delivery
