## REACH Communication duty

This statement intends to meet our communication duty in REACH, Article 33. Article 33 of Regulation (EC) No 1907/2006 (Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)) requires that suppliers inform their customers if an article contains a substance on the REACH Candidate List in a concentration above 0,1% (w/w). The Candidate List is published on the website of the European Chemicals Agency (ECHA) and is updated every six months. For more information about REACH see [www.echa.europa.eu](http://www.echa.europa.eu)

Some components used in our assemblies (chillers and heat pumps) contain lead in a concentration above 0,1% (w/w).

<b>Substance</b>	<b>Lead</b>
<b>CAS#</b>	7439-92-1
<b>EC/List#</b>	231-100-4
<b>Classification and SVHC Properties</b>	<b>Danger!</b> According to the classification provided by companies to ECHA in REACH registrations this substance may damage fertility or the unborn child, causes damage to organs through prolonged or repeated exposure, is very toxic to aquatic life with long lasting effects, may cause cancer, is very toxic to aquatic life and may cause harm to breast-fed children. At least one company has indicated that the substance classification is affected by impurities or additives.
<b>Information on safe handling and disposal</b>	Wear personal protective equipment. Ensure adequate ventilation. Avoid ingestion and inhalation. Avoid dust formation

Should you require further information or have any questions on the affected product categories, please contact your sales representative.
